PREAMBLE:

In the reference No.(1) read above the Hon'ble Chief Minister in his Budget speech for 2016-17 at Para 206 was pleased to announce the sanction of grants to the tune of Rs.50.00 Crores to modernize the Madrasas with formal and computerized education in the State.

The State of Karnataka is one of the progressive States. As per the census of 2011 the population of State 610.95 lakhs. Out of which 96.01 lakhs are religious minorities. Out of them 78.94 lakhs are muslims. The percentage of muslim population in the State is 12.91%.

The religious education has received a paramount importance in the muslim community. The community imparts Islamic education positively at the elementary level. The younger ones irrespective of gender receive Islamic education in Masjids & Madrasas. These Madrasas are in unorganized condition, deprived of the minimum facilities viz. drinking water, lavatories, hostels, teaching & non teaching staff, furniture, computer & libraries. The formal education and computer knowledge is a dream to be translated to these children.

Due to the paucity of transparency in the day to day administration of Madrasas given room for misgivings. Despite this, their role in the building up a moral and civilized society cannot be overruled. It is estimated that there are more than 960 Madrasas. It is ascertained that the Madrasas lack the following facilities:

- ❖ Most of the Madrasas do not have the basic infrastructural facilities.
- ❖ Failing to identify themselves in the social activities led to remain asunder from the main stream of society.
- ❖ Lack of formal education, computer education, promotion to health and sports activities.
- ❖ It is observed that most of the Madrasas do not have hostel building, lavatories, class rooms etc., in a single hall or a room the inmates are sleeping on the mats.
- ❖ It is observed that the students who have completed their studies in Madrasas are facing difficulties to communicate and use modern inputs.

**The following programmes may be taken up to set right
the aforesaid deficiencies**

- ❖ Modernize the existing Madrasas.
- ❖ Provide formal education.
- ❖ Provide computer education.
- ❖ Provide lavatories, class rooms & hostels, libraries, sports material, furniture and other basic infrastructure facilities.

The Director, Minority Welfare Directorate has submitted the proposals in single file system read at (2) above to modernize the Madrasas in the State with formal and computer education and to provide basic infrastructural facilities. After detailed deliberation Govt. made the following order:
